ON YOUR TURN

The youngest player goes first.

- Add to the domino chain by matching a picture on one of your dominoes to one end of the domino chain.
- Play double-dominoes just like any other domino.
- If you do not have a match, you may ask any other player to share a specific character with you. **For example: “Could you please share Chilly with me?”** If the other player has the character you requested they must give it to you, and you may play it immediately. Be careful! If they only have one domino left you may help them win the game! If they do not have the character you requested, or if you choose not to ask for one, you draw up to **three** dominoes from the bag, stopping if you can play a domino on either end of the domino chain.
- Now it's the next player's turn.

ENDING THE GAME

- The first player to play all of their dominoes wins.
- If a player reaches into the bag to draw a domino and there are none left, the game is over and the player with the fewest dominoes wins.
