If you spin a type of cargo, place a cargo piece of that type ANYWHERE on the Stellosphere Spacecraft without any cargo pieces falling off. If any cargo pieces fall off, see the **STELLOSPHERE SPILL** instructions below. If you do not have a cargo piece of that type, your turn is over.

STELLOSPHERE SPILL

If any cargo pieces fall off the Stellosphere Spacecraft on your turn, you must take all of them and add them to your cargo pieces. You must take the cargo pieces even if they are not the same colors of cargo pieces you started the game with.
