The youngest player goes first.
On Your Turn  Spin the spinner:

If you spin a color below ☜, advance your Mover to the next space matching that color. More than one Mover can share a space.

If you spin ☞, take out all the Slide Tiles, mix them up, and put them back into the holes in the Game Board wherever you want. Then SPIN AGAIN!

If you spin ☑, move to the next slide space and follow the slide to the end. Sometimes the slide will take you forward, and sometimes it will take you backward. It’s a surprise!

If you spin ☑, take out each Slide Tile, flip it over, and put it back where it was in the Game Board. Then SPIN AGAIN!

Ending the Game

The first player to get to the Finish space is the winner!
