On Your Turn

The youngest player goes first.

- Add to the domino chain by matching a picture on one of your dominoes to one end of the domino chain.
- Play double-dominoes just like any other domino.
- If you do not have a match, take one domino from the draw area. If you can play this domino on either end of the domino chain, you may play it immediately. If not, hold it with the rest of your dominoes.
- Now it's the player on your left's turn.

You can add to either end and change the direction of the domino chain to fit your play space.

Ending the Game

- The first player to play all of their dominoes wins.
- If no one can play after all the dominoes have been drawn, then the player with the fewest dominoes wins.
